Dream Big at Imagine

## What Makes the Imagine Curriculum the Right Choice for Your Child

At Imagine Early Education and Childcare, we believe that every child deserves a strong start built on curiosity, confidence, and care. That's why our curriculum is thoughtfully designed to blend academic readiness with emotional and social growth—ensuring your child develops the skills and confidence to succeed in school and in life.

### **School-Ready Learning**

Our curriculum lays the foundation for ***literacy, numeracy, problem-solving, and critical thinking***. Through hands-on exploration, play-based lessons, and age-appropriate challenges, children build the knowledge and curiosity that prepare them for kindergarten and beyond.

### **Whole-Child Development**

We know learning goes beyond academics. That's why we emphasize ***emotional intelligence, empathy, and teamwork*** every day. By nurturing these life skills, children gain the confidence to build friendships, manage emotions, and thrive in group settings.

### **Consistency You Can Trust**

Families deserve peace of mind. With a clear curriculum framework, ***evidence-based practices***, and highly trained educators, Imagine provides ***reliable, high-quality care*** in every classroom, every day.

### **Supportive and Skilled Teachers**

Our teachers are more than caregivers—they are ***guides and encouragers***. Equipped with ongoing professional development and proven teaching strategies, they create a safe, structured, and joyful environment where each child's ***unique strengths are recognized and celebrated***.

### **Why Families Choose Imagine**

When you choose Imagine, you're choosing more than childcare—you're choosing a ***community that partners with you*** in your child's early learning journey. Together, we ensure your child is not only ready for school, but also ready for the world.

## Key Curriculum Features of Imagine Early Education & Childcare

At Imagine, we believe learning should inspire curiosity, confidence, and joy. Our curriculum is designed to support children in every area of development—academically, socially, and emotionally—so they are prepared not just for kindergarten, but for life.

### Standards-Aligned Learning

- Based on state early learning guidelines and developmental milestones that reflect the skills children need to succeed.
- Ensures growth in language, math, science, and social-emotional skills.
- Uses readiness assessments and progress tracking to help children transition smoothly into kindergarten.

### Thematic, Integrated Units

- Monthly and seasonal themes (like “Community Helpers” or “Nature Explorers”) connect learning to real-world experiences.
- Lessons combine literacy, STEM, art, and music, so children learn through multiple pathways.
- Encourages curiosity, creativity, and big-picture understanding of the world.

### Social-Emotional Development

- Daily routines include emotional check-ins, cooperative play, and conflict resolution strategies.
- Helps children practice empathy, self-regulation, and positive relationships.
- Uses engaging tools such as feeling charts, classroom jobs, and group discussions to support growth.

### Literacy & Language Foundations

- Builds phonemic awareness, vocabulary, and early writing through fun, interactive activities.
- Storytime, journaling, and read-alouds foster comprehension and self-expression.
- Some locations also offer dual-language support, reflecting our commitment to family diversity.

### Math & Cognitive Skills

- Hands-on games and manipulatives teach counting, patterns, measurement, and problem-solving.
- Everyday experiences—like cooking, building, and sorting—make math playful and practical.
- Promotes logical thinking, memory, and spatial awareness.

### Creative Arts & Expression

- Daily opportunities for art, music, movement, and dramatic play.
- Encourages children to express themselves while strengthening fine motor skills and imagination.
- Tied to themes for a richer, more meaningful learning experience.

### Health, Safety & Physical Development

- Active play—both indoors and outdoors—builds strength, balance, and coordination.
- Nutrition, hygiene, and safety lessons are included in daily routines.
- Promotes lifelong wellness habits in fun, age-appropriate ways.

### Family Engagement & Communication

- Families stay connected through regular updates on the Kindertales app.
- Clear communication helps parents reinforce learning at home.
- Opportunities for parents to join classroom events and activities build a true school-home partnership.

## More Than Standards—A Strong Start for Life

At Imagine Early Education & Childcare, our curriculum is not only about preparing children for school—it’s about nurturing a love of learning, building confidence, and ensuring every child feels valued, supported, and ready for the world ahead.
